**William Hill – Principal**

July 28, 2010

To Whom It May Concern:

I am writing this letter in support of Springboard Foundation and After School in their bid to become your after school provider. I am familiar with Springboard as our after school provider of choice since the start of the 2009-2010 school year.

Springboard Foundation and After School presents a unique opportunity for Imagine Foundations PCS in as much as it enables us to extend the school day for the purpose of increasing academic achievement for our students while at the same time offering them a well-balanced program that they enjoy being a part of. Springboard uses licensed teachers and highly credentialed administrators for the purpose of providing our children with the time and attention that they need and deserve after school which in turn serves as an extension of the academic mission and vision of Imagine Foundations PCS. Along with this academic support our students also participate in Electives that serve to complement our curriculum. Electives such as Latin, Dance, Chess and Music all serve to provide students with necessary background knowledge that has been tied to higher order thinking skills and academic achievement, components that I have not found in most other after school programs.

Like many school leaders I have high expectations for our school and our after school programming. Springboard's ability to provide a structured, organized, after school environment has been a positive addition to my school and a definite upgrade over the previous providers that I have used in the past. After having let go of my previous two providers due to a lack of quality outcomes, I can say that Springboard is truly raising the bar. This is a fact that has helped our students, parents and teachers to realize the importance of after school time and the positive benefits that a structured, outcomes based program can bring to a school. If you have any questions regarding my experience with our Springboard partnership, please do not hesitate to contact me.

Sincerely,

William Hill  
Principal
