

# SPRINGBOARD CLUBS

IN  
PARTNERSHIP  
WITH

The Imagine Classical  
Academy at Indigo Ranch

FUN, ACADEMICS & ENRICHMENT

Springboard Clubs are very different than typical after school clubs. Like our academic program, only teachers who have outstanding credentials in their respective field are chosen for Springboard. Springboard clubs are an opportunity for children to receive instruction and learn from teachers in their concentrations of interest at a fraction of the cost.

## BAND

Days: Monday, Tuesday, Wednesday, Thursday (mornings –year commitment)  
Teacher: Juree Kunau

Welcome to beginning band! The goals of band are simple; to learn how to read music and play a musical instrument, to learn to work as a team, and to help the individual learn how to work independently and develop self-discipline. This year all bands will be run as before school clubs through Springboard for a minimal fee. This fee will include the Essential Elements Method Book, band folder, and T-Shirt (to be worn at performances). With effort and cooperation from all of us, band can be a very rewarding and joyful experience for everyone involved. Please keep this manual on file to refer to throughout the school year. The cost is \$6 per class/session plus a one time material cost of \$35.

## LEGO Robotics

Days: Wednesday (8 week sessions)  
Teacher: Derek Smith

Robotics is a popular and effective way for students to explore science, technology, engineering, and math with hands on, naturally motivating building sets and software. Students explore problems and invent their own solutions. They behave as young scientists and technical investigators, making their own discoveries all the way. The cost is \$8 per class/session and a one time material cost of \$35.

## Little Picasso's Art Club

Days: Tuesdays After School (8 week sessions)

Teacher: Kathy Jackson

Young artists will develop their artistic skills while having fun discovering their own personal style. Working from still life, photographs, images from art history and/or independent themes and ideas, students will be introduced to specific drawing and painting fundamentals and techniques. These include line drawing, value, shape, pattern, texture, shading, highlighting, color perspective and collage. While experimenting with an exciting variety of artist's tools, media and techniques, students will learn to explore and trust their creative instincts. The cost is \$9 per class/session and \$6 material cost per class.

## DESTINATION IMAGINATION

Days: Thursdays (year commitment)

Teacher: Imani Learned

Destination ImagiNation is an innovative organization that teaches creativity, teamwork and problem solving to students using Music, Visual Arts, Drama, Science, and Engineering. Teams are tested to think on their feet, work together, and devise original solutions that satisfy the requirements of the Challenges. Participants gain more than just basic knowledge and skills—they learn to unleash their imaginations and take unique approaches to problem solving. The cost is \$8 per class/session
